# MODAL VERBS

## SUSTITUTION

Technology replaces a traditional tool or method without changing the way teaching or learning takes place.

1

2

## AUGMENTATION

Technology enhances teaching and learning, but it does not fundamentally change the way they are delivered.

3

## MODIFICATION

Technology changes the way we teach and learn, enabling new ways to interact and collaborate.

4

## REDEFINITION

Technology enables completely new and innovative learning experiences that would not be possible without it.

thanks
